Wednesday April 11, 2012

Dear Parents/Guardians,

On Tuesday April 17th, the West Humber Collegiate Steel Band and Motown Band will be coming to perform for the students at Tecumseth Beeton.

At 10:45 they will be doing a Steel Pan Workshop with 21 selected intermediate students. Then from 12:00 – 1:05 they will perform a concert in our gymnasium in front of the whole school. Finally, from 1:30 – 200 p.m. they will be doing a Bucket drum/African drum workshop with Mrs. Gillham's Bucket drumming group.

The presentation by the band will help our students to have an appreciation for some different genres of music and to hopefully inspire them to explore what musical opportunities that might be available to them in high school or within the community.

Please have your son/daughter bring in one dollar to help defray the costs of having the band come to our school and play for us. School council has graciously offered to cover the balance of the fee.

Sincerely,

G. Jacobs
Principal
